

Constant Contact Survey Results - OVERALL

Survey Name: Jun 10 2013 Citizen Prioritization Survey

Response Status: Partial & Completed

Filter: None

City Hall The 7-year lease in the Fairway Office Park ends in September 2015. The 2014 budgeted amount for City Hall lease payments is approximately \$87,500. Should the City continue to lease the current space or evaluate other options for City Hall? Rank this broad issue based on the overall Vision of the City?

Top number is the count of respondents selecting the option. Bottom % is percent of the total respondents selecting the option.

	High Priority	Medium Priority	Low Priority	Not Sure
	31	91	57	8
	17%	49%	30%	4%

58 Comment(s)

At the Public Forum, residents suggested several possibilities for the future of City Hall. PLEASE NOTE: The City has not formally contacted any of the businesses or organizations listed below about the acquisition or prospect of their property. These are only IDEAS expressed by residents attending the forum! Other options listed at the Public Forum were sharing space with Westwood City Hall and Stroud's Restaurant. These two locations are currently not available. Rate each location below using this scale where "1" indicates that the City should definitely explore the location as a possibility and "5" indicates that the City should not explore the location as a possibility. You can also add your own suggestions in the comment section below.

Top number is the count of respondents selecting the option. Bottom % is percent of the total respondents selecting the option.

	1	2	3	4	5
Continue to lease space in the Fairway Office Park (current location)	74 46%	25 16%	34 21%	9 6%	19 12%
Property currently owned by Old Mission United Methodist Church at State Park Road	44 27%	26 16%	32 20%	23 14%	36 22%
Vacant property adjacent to Peterson Park at 6136 Mission Road	40 24%	33 20%	43 26%	17 10%	31 19%
Space at the Shawnee Indian Mission	29 18%	24 15%	29 18%	27 17%	54 33%
Churchill's location (located in the Fairway Shops)	48 29%	41 25%	23 14%	25 15%	27 16%

Public Works Facility The Public Works administration building was acquired by the City in 1997. Prior to this time, the 3-bay garage located behind the Public Works administration building had been Fairway's only Public Works Facility. Since 1997, new laws governing environmental protection have caused operational challenges for the Department. A recent space needs assessment conducted by the City showed deficiencies in the size and space of the facility, associated with inefficiencies in the Public Works operations (the current facility is one-third of the recommended size). Short term road closures on Buena Vista and delays in service delivery are just two examples. Rank this broad issue based on the overall Vision of the City.

Top number is the count of respondents selecting the option. Bottom % is percent of the total respondents selecting the option.

	High Priority	Medium Priority	Low Priority	Not Sure
	39	83	40	4
	23%	50%	24%	2%

Shawnee Indian Mission State budget cuts have reduced funding to the Indian Mission in recent years. These reductions could potentially impact hours of operation, routine maintenance and/or grounds keeping. Should the City of Fairway look for ways to support the Mission? Rank this broad issue based on the overall Vision of the City.

Top number is the count of respondents selecting the option. Bottom % is percent of the total respondents selecting the option.

	High Priority	Medium Priority	Low Priority	Not Sure
	32	51	80	5
	19%	30%	48%	3%
