Broad Vision Statement set by the Fairway Governing Body in 2010

"Fairway is recognized as a highly desirable, safe residential community characterized by strong neighborhoods, well maintained infrastructure, local businesses and located within the full-service metropolitan area."

Needs Identified

The City Council has *not* identified a funding source for any of the needs identified that will be reviewed, nor has a timeline been established.

The following recurring issues continue to occupy the City's planning efforts…

In alphabetical order

- City Hall – location
- Park and Pool Master Plan
- Public Works projects
- Shawnee Indian Mission – how the City can best support
- Stormwater

Brief description of each issue follows.

City Hall

- The 7 year lease in the Fairway Office Park ends in September 2015.
- Long-term location for City Hall – continue to lease or other options?

Park and Pool Master Plan

- The Master Plan was complete in 2011.
- New filtration system was installed in 2012.
- Plan includes an ADA compliant facility.

Public Works Projects

- Ongoing street maintenance and repair projects.
- Space for Public Works Facility – Council recently received the space needs assessment for the Department.

Shawnee Indian Mission

- State budget cuts have reduced funding to the Mission in recent years. How can the City of Fairway best support the Mission?

Stormwater

- Floodplain Committee established in 2010
- Rock Creek Watershed Coalition formed between cities in Northeast Johnson County in December 2012
- County providing funding for project
