

October 25, 2016

To maintain the momentum of our community and meet our future challenges head on, we have undertaken the process of updating our Comprehensive Plan. To date our efforts have focused on understanding our community – the people, the places, the connectivity and the challenges, as well as our desires for the future. The community input gathered, through the first survey and the community open house, has provided the foundation of understanding necessary to support the future of Fairway. Now we must look to the future, it is time to begin defining how we enhance our position as a quality residential community with exceptional services. Your continued participation is important and necessary. A second community survey is being issued to gather feedback that will provide direction to address our most pressing issues for the future – residential redevelopment, civic investment, commercial redevelopment, community connectivity, and Shawnee Mission Parkway. We look forward to your ideas and input as we look to the future of our community.

Thank you,

Jerry Wiley,
Mayor – Fairway, KS
